Dear Ediz,

## Payment process

### 1. First payment part

The first product worth 5,000 TL is purchased through [Bionluk](#). The customer special package will be opened and you will buy that package too. When you buy a package from Bionluk, the money does not come to me. until you confirm. You don't pay, it's yours to keep.

### 2. Second payment part

You pay in full at the completion of the job.

## Tools needed

1. Gmail account (Username, Password)
2. Hosting (Hostinger, Guzel Hosting, AWS, Google Cloud, Azure)
3. Stripe Account (Api key, Secret key)

After completing these things, I start work. Good luck
